The unfortunate issue of LICE...

*Each fall & spring, lice seem to become a problem. Please periodically check your child's hair at home for lice.

*Students do NOT need to stay home if they have lice; please treat them after school or on weekends.

*Let's work together to remind kids not to share hats or hair brushes.

Please leave us a message.

We often receive incoming calls at the same time, and we don't have caller ID, so if we don't answer your call, please leave us a voicemail on the front desk line or call back in a few minutes.
