## Five ME Teachers Receive DonorsChoose Awards

Alaska DEED (Department of Education & Early Development) & DonorsChoose partnered to provide an opportunity for Alaska public school teachers to receive up to \$1,000 in project funding for their classrooms.

Our four second grade teachers - Ms. Aloysius, Ms. Benlot, Ms. Crow, & Ms. Sleppy- requested snacks for their classrooms. Their lunchtime is at noon and students often get hungry before that time. While some families are able to provide snacks for the class, others are not, so these snacks will provide consistent sustenance for these young minds and growing bodies.

A Kindergarten teacher, Mrs. Smith, requested funding to make a classroom library for all her theme books. She wants her students to, "have access to the books all year long, not just during the teaching of that theme." She received the bookshelves, bins, and labels this week!

## TESTING

Literacy and Math assessments will be administered over the next two weeks.

These assessments help inform your child's instructional needs. Please help your child get adequate sleep and arrive at school on time. Thank you.
